Trustee Distel reports that he called the OSS Solid Waste District to find out when the next grant meeting would be. They have a board meeting this week and plan to make some changes, but they should make an announcement soon for a meeting the first or second week of January.

Trustee Moyer reports that they put Wisebaker’s tile in out at Autumnwood and also replaced some tile on TR 132. He also reports that he spoke to Amy Dunn at the prosecutor’s office regarding the fire levy. She would like us to let her know as soon as possible if we decide to put replacement or renewals levies on the ballot. Trustee Moyer will call County Auditor Julie Atkins and see what our options are. Trustee Distel asks if we should look into putting a natural gas aggregation on the ballot at the same time. Trustee Distel is going to check with the county and see if they have an aggregation program.

Trustee Moyer reports that Lucius Door can get keypads for the overhead doors for \$250 each. Up to 48 codes can be programmed. Trustee Distel asks why we need to have new door locks in addition to keypads on the overhead doors. Chief Bishop would like to limit access to parts of the building. Also, door locks with keypads would prevent keys from being copied. Everyone would have their own code, which could be deleted if needed. Chief Bishop will think about how many door locks he thinks we need.
