

Clinton Township Board of Trustees – Regular Meeting
December 9, 2019 – 7:00 p.m.

All Board members answered roll call – Trustee James Distel, Trustee Dennis Baugher, Trustee Dennis Moyer, and Fiscal Officer Jennifer Bates.

Guests: Fred Bishop, Steve Welter, Dennis Kingseed.

The minutes of the regular meeting and the special meeting held November 25, 2019 were read and approved.

Correspondence: Seneca County EMA – info for final hazardous mitigation plan meeting, Northwest Township Association – meeting invitation, MGQ – price list, National Lime & Stone – price list, OTARMA - newsletter

Fire Chief Fred Bishop reports that he bought a computer for the fire department at a cost of \$599. He still needs to get software. The software that the city uses is \$1,600 per year and it includes support. It is part of the I Am Responding system, and the city also uses it for inspections. Chief Bishop says we should be doing that as well.

Zoning Inspector Steve Welter reports that he emailed Sabrina Schnepat about meeting on December 16th but he has not heard back from her. He also received a message from Helen Mullins asking how Highway 101 was allowed to park disabled vehicles across the street without the lot being fenced in.

Resident Dennis Kingseed asked if the annexation agreement was going to start from scratch. Trustee Distel says for one year or less everything was going to stay the same, but there are some things that we would like to change in the new agreements. We have not heard if the city is purposing any changes.

Trustee Baugher asks Trustee Distel if he found out anything about the keypad. Trustee Distel says it has a one-year warranty, but since it was donated we do not have an invoice, so it is in the reps hands. We are able to order a new membrane with numbers, but if we can get an invoice for the donated lock, the warranty department will send a whole new unit. The warranty for the keypad that was purchased from Republic Lumber will have to go through Republic Lumber. Trustee Distel says he will call Republic Lumber and give them the phone number for the warranty department.

Trustee Baugher also reports that Neil Podach was going to bore under TR 122 this week, but with the weather he is not sure it will still happen. Trustee Distel spoke to Gary Black and made him aware of the boring. He was hoping we would wait until spring.

Trustee Moyer asks if we consider family coverage or individual insurance coverage when calculating the road workers wages. Trustee Distel says it has always been family coverage.

Trustee Distel reports that Fiscal Officer Bates is doing public records training online and asks if anyone wants to designate her as their designee. The Board is doing their own training. Trustee Distel also says Tiffin Ford is not going to charge us for the two tires we put on the truck. Also, Matt Gray did not charge us for labor when he replaced the mirror and only billed us for the part.
