

Clinton Township Board of Trustees – Regular Meeting
June 20, 2022 – 7:00 p.m.

All Board members answered roll call – Trustee Dennis Baugher, Trustee Jim Distel, Trustee Dan Schmitz, and Fiscal Officer Jennifer Bates.

Guests: Fred Bishop, Steve Welter, Chris Hafley, Zach Fowler, Dennis Kingseed.

Correspondence: Seneca County Engineer – right of way permit application and driveway permit application

The minutes of the regular meeting held June 6, 2022 were read and approved.

Fred Bishop suggests sending out a newsletter to introduce the new fire chief and explain that the ox roast will not be held this year due to construction of the new fire station building. He also says insulation from demolition blew into Bishop's field.

Zoning Inspector Steve Welter reports that he issued a house permit on TR 159 and an accessory building addition permit on TR 122. He also had a zoning commission meeting on June 14th for the re-zoning of a parcel on 9th Ave. from Heavy Industrial to E-2 Residential. They voted to recommend that it be re-zoned.

Fire Chief Chris Hafley says Brian Zimmerman at Sentinel inquired about putting a dryer in an interior classroom, but mechanical code says it has to be located on the outside wall. Trustee Baugher asked about the tanker and Chief Hafley says the yoke should be in tomorrow and they hope to have the truck back on Friday.

Trustee Baugher reports that he went to 1745 S. Winfield and the clay tile broke down. He also says Denny Kirian is going to put the tile in on TR 122 tomorrow.

Trustee Schmitz reports that he has had a few phone calls asking if fireworks can be set off. The sheriff's office refers questions to us. There is a new State law that goes into effect on July 1st allowing fireworks to be set off on certain holidays but municipalities can set their own laws. Trustee Distel says Toledo still will not allow fireworks and Chief Hafley says Tiffin will not either.

Trustee Distel says Jim Black on Harley called him. He got rid of the truck and he is trying to scrap the camper. The trailer that does not have a plate on it is registered but he does not keep the plate on it because it keeps getting stolen.

Regarding the striping of Tyber Rd., the city and the county are using Griffin Pavement Striping. For Tyber Rd., thermal plastic is \$6982 and standard paint is \$2443. The city used thermal plastic on their portion of Tyber Rd. It lasts longer and is more reflective. Trustee Schmitz made a motion to have Griffin Pavement Striping do thermal plastic striping on Tyber Rd. for \$6982, seconded by Trustee Baugher. Mr. Schmitz – yes, Mr. Distel – yes, Mr. Baugher – yes.

Trustee Distel reports that last week he received a call from Mr. Kingseed that there were tree branches down on TR 155. Road worker Andy Kimmet went out and said there were larger branches broke up higher in the trees that we could not reach, so he called Cliff Adams, who came out the next morning. Trustee Distel says when Andy was chipping and cleaning up he broke the back window out of the pick-up truck. Trustee Distel has All Service Glass scheduled to replace it for \$387.87.

Trustee Distel says Lisa Tracy asked if we can clean up the trees on TR 165 by the bridge so we need to look at that. He also received a phone call from a land owner at SR 53 and CR 38 who keeps getting phone calls from a Michigan company that wants them to put in solar panels because of the proximity to the substation and 3-phase power lines. He wanted to know if we can stop the solicitations. Trustee Distel says at the quarterly township association meeting, Audrey Flood with North Central Electric says they want to know when their customers are being solicited so they can be involved. They also said to contact the commissioner’s office.

Also, at the quarterly meeting, they said H2Ohio will have \$9.96 million coming to Seneca County, and Seneca County is going to be a drone seeding pilot county. Lori Brody with the Auditor of State’s office also spoke and said the cyber security and fraud training is an audit question now. Also, the remaining ARP money should be distributed sometime this summer. The township association is also doing a survey about changing the September quarterly meeting to August starting in 2023. Also, the county fair tent schedule is staying the same. We are scheduled to work on Thursday July 28th from 6-10pm.

Bills were presented to be paid:

12322	Christopher Hafley	wages	\$284.30
12323	Andrew Kimmet	wages	\$1266.62
12324	James Lang	wages	\$349.73
12325	Stephen Welter	wages	\$242.40
